—Prime mess beef at auction today. See ad.

—Rev. J. Parsons will preach at Knappa next Sunday.

—The bark Rival is ready for sea, and will probably sail today.

—The Scottish Bard is discharging her ballast at the foot of Main street.

—The Mechanics fair in Portland will begin October 13th and close on the 29th.

—The committee meeting last evening was very largely attended and the proceedings were harmonious.

—A big lot of salmon in cases is finding storage in Captain Flavel's warehouse for foreign shipment.

—A. M. Twombly has received his commission as District Deputy Grand Master of Odd Fellows, for this district.

—Dr. Baker was called to Oak Point yesterday, and Dr. Jennings to Knappa. Dr. Baker returned last evening.

—E. R. Hawes new building, on Chenamus street, is very near completed. It will be occupied soon by Mr. C. Heilborn.

—The lumber is on the ground and the frame of a new warehouse on Capt. Hiram Browns dock, foot of Main street, is going up.

—The Rip Van Winkle brought the remains of the drowned man Andrew Sarkinen into port, and the body was taken care of by Coroner Franklin.

—The last row of piling was being driven yesterday for the extensive addition to Capt. Flavel's already large dock and warehouses on Chenamus street.

—Messrs. B. Van Dusen, master, and L. W. Case, past master, of Temple Lodge No. 7, A. F. and A. M., will be in attendance at the Grand lodge meeting in Portland next week.

—One of John Bergmans fishermen named Thomas Plumber was drowned yesterday morning, through his boat being capsized in the breakers. His boat puller was rescued by another of Bergmans boats.

—The United States steamer Shubrick sailed yesterday with supplies for Tillamook rock, and will touch at various other points along the coast before returning. The cruise will continue for about three weeks.

—Mr. L. A. Loomis, president of the Ilwaco Steam Navigation company, will go to San Francisco probably next steamer, to secure matters in relation to the building of the proposed new steamer for that company.

—Messrs. C. S. Wright, M. D. Kant, Alex. Campbell and G. F. Parker, of the finance committee of the Fourth of July celebration, were out yesterday and succeeded in raising about \$250. They will make an effort to bring the sum up to \$500 on Monday.

—The correct orthography of Concomly street, Astoria, is Concumly. The name of the old chief. If there was any way in which to correct the spelling of Squemogechia street we should be pleased to find it. Perhaps the best thing to do would be to rub out all such unpronounceable names and begin anew with A, B, C, First, Second, etc.

—Knowing full well that success always attends the efforts of Mr. L. A. Loomis in behalf of public enterprises, the people of Shoalwater bay have delegated him as a committee of one to secure subscriptions for a steamer to ply to all points on Shoalwater bay. We saw the list yesterday, and from the number of signatures and amounts subscribed feel certain that this movement will be a success.

More Buildings

Hansen Bros. are about to erect a new two story double house on their lot which they have recently purchased corner of Cass and Astor streets. One of the houses will be for rent, and will contain eleven hard finished rooms. The lumber is now on the ground.

Funeral to-day at 10 o'clock. He has a brother fishing for the Anglo-American company.

—Lovers of the beautiful should see a handsome fuchsia which Dr. Jay Tuttle has trained in his office. Three vines were started in a common flower pot filled with rich soil. The outer vines were trained in a circle and met at the top, the center one just touching the point of connection. The vines are all healthy and thrifty, not having lost a leaf, and no blossoms were started until the two circular vines came together. Now there are about fifty beautiful blossoms hanging from the center of the arch, making one of the handsomest combinations we have ever seen produced in the floral kingdom. Dr. Tuttle has been training this plant about five months. Nor is he yet done with it. He now proposes to train the center stalk with a cross, which will add much to the beauty of the plant.

Pleasure Gardens.

Good beautiful exercise improves and makes one healthy, consequently it would be well to have a place where thereby to be assured of good health. Dr. J. O'Brien, Gen. W. M. Orders and Prof. Wilson of circus fame are about to fill a want long felt in Astoria, during the summer season. They have now in course of construction all the machinery and appliances necessary to the carrying on of a pleasant family summer resort or pleasure gardens, consisting of dancing, swinging around the circle, by new power or a whirling dervish on a new principle, etc. Refreshments will consist of all the delicacies of the season. Letter From Mr. Davidson.

Astoria, May 26, 1911.
EDITOR ASTORIAN:
It is with pleasure that I call the attention of your readers to the fact that I have established a branch photographic gallery in Astoria, under the name of "The Davidson Studio." I earnestly invite every citizen of your town and vicinity to visit it and examine the display of pictures, firmly believing that the result of each one will be that my work is not only of the best but that the prices are reasonable. All the finishing work is done at my studio in Portland and mailed direct to the customer. The operator in charge is an accomplished artist and has had considerable experience in the art and nervous people. I am prepared to do all kinds of viewing, coloring, copying, and enlarging to any size. In all departments, I will see that my customers go away satisfied, and respectfully solicit their patronage. Very truly,
J. L. DAVIDSON, Photographer.
Corner First and Yamhill streets, Portland.

A Fair Proposition.

From this date the Astoria photograph gallery will conduct business on the following plan: We will take negatives of any lady and everybody that will favor us with a call, we will print a proof of the same free of charge, no one being under any obligation to order from such negatives unless they desire to do so.

We will take the Astoria oyster companies and all lodges and societies, any time they will assemble for the purpose, and present each lodge or society with one picture of each group, either taken all together or in separate pictures and grouped afterwards.

We will take views of residences and buildings, hotels, camps, etc., on the same terms, viz: We will take the negatives free of charge.

We do this in order that our work shall stand on its merits, as we are prepared to do good work. No one need wait until they go to San Francisco, following are our prices:
